

WIRELESS PHOTOELECTRIC NON-DIRECTIONAL PEOPLE COUNTER PC-TB12-R

DESCRIPTION:

Versatile yet simple, the SenSource PC-TB12 counter is battery-powered and features a built-in LCD display. A non-directional counter, the PC-TB12-R is both front and side-firing to accommodate a variety of entry styles. The two-part break-beam system covers openings up to 40 feet wide with a typical battery life of two years. Easy data collection is available by using either the LCD display or built-in data logger. A USB Software Utility is included to export data in a Microsoft Excel document.

FEATURES:

- › Battery-powered sensor installs in minutes
- › 6-digit LCD display indicates counter value, battery life, and set-up parameters
- › Built-in data logger stores up to 3,000 records or approx 33 days at 15 minute increments
- › Power save mode protects battery life
- › Integrated brackets for easy yet sturdy mounting
- › Durable enclosure for high traffic areas
- › Group counting feature counts a group as one unit instead of individuals
- › Front-Firing (Opposing Wall mount) or Side-Firing (Doorframe Mount) in one
- › USB port for configuration and data extraction
